Transitional Closing Lines:

These are Questions to ask prior to discussing pricing and closing the sale:

After they have seen a Full Presentation, Ask a few of these questions to your prospect while on the Zoom or Copy and Paste them into your text message/chat box to gage what they need next to get started...

- 1) What did you like the most?*
- 2) What are your goals at the moment?*
- 3) What are you currently doing to reach that goal?*
- 3) What are you struggling with the most?*
- 4) Do you feel that you have enough information to get started now?*
- 5) What, if anything, would you want more information on?*

-PRODUCTS CLOSE-

1) Name, I would love to make a recommendation for you that would be perfect for your goals and budget.

So let me ask you a couple of questions so I can see which system would be the most beneficial for you.

If you were to replace your current supplements and start taking our advanced Liposome technology products what would you be replacing?

- 2) How often are you taking these supplements daily?*
- 3) Do you feel like your supplements are making a life changing impact?*
- 4) What would you say your current supplements cost you on average per day?*
- 5) Here's the verbiage to use to present the packs and close a sale through*
- 6) Are you the kind of person who would pay more for quality, if you knew they would work?*

Verbal/Text/ or Messenger:

Alright! I have 4 packs in mind for you so we can help you trade out your old supplements for ones that your body will be absorbing more efficiently with our 12 Cellular Delivery Technologies for better absorption. No matter what you've been spending, you will appreciate how great our products will make you feel. Its time to see results!

The absolute best system that I highly recommend is our [Pro Collection Pack](#)!

By far this is the best value and gives the best results because it makes your routine simplified and your daily life easier.

This pack is almost a 6 month supply, plus you get additional Free products. It's \$2,800 wholesale plus your shipping & tax etc! This pack is the most amount of products for the least amount of money. You're worth it!

We have other getting started packs I can share with you:

The [Business Builder Pack](#) breaks down to \$9 per day and is a 5 month supply for \$1,360 of all our products.

The [Premium Pack](#) breaks down to \$10 per day and is a 2 month supply for \$600 for all our products. Is a great starting pack because you get to try one of every product and basically get 2 Free Visage Super serum. Great for a couple to share and really get a taste of THREE and you'll start to feel like a million bucks using the entire system.

The [Intro pack](#) is a dip your toe in the water pack and it breaks down to \$6 per day for a 1 month supply with 3 of our flagship products, the Eternal Antioxidant Glutathione Glow packets, the Vitalite- Multi-Vitamins packs and the Imune- Immune quorum sensing support products.

Which pack sounds like the best fit for you? (WAIT for the ANSWER- Stop Talking!)
